

# SAVAGE SOUND SYSTEM

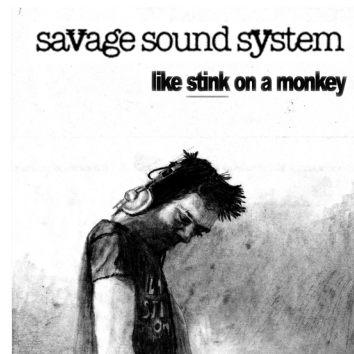

## LIARS AND THIEVES WILL HAVE IT ALL EP

PRESS RELEASE

28/MAY/2012

The fifth EP from the savage sound system follows up their eclectic debut LP from 2011 'Like Stink on a Monkey' with further collaborations from all the usual suspects. Recorded in Ocala (Florida), Kelowna (Canada) and Edinburgh (Scotland) this release features the vocal talents of Sacre Noir & D.Soul the Soulsamurai and the MC skills of Werd, The Riddlah and ShilohZen. Lovingly crafted over the last 12 months this short EP is the usual romp through disconnected musical styles including Dub, Post-Punk, Hippity-Hop and Breakbeat. The collective was initially formed in 2006 due to a perceived lack of Nectarine No. 9 records to enjoy. After some sound financial planning the sSs quickly moved to secure their own 2nd hand Echo Chamber from which they continue to propel noises into the void. Occasional live shows are infamous for their chaotic, pounding band sounds - lineups are changed every show to keep the vibe unique.

Still available the debut album from the savage sound system featuring collaborations with Sacre Noir, Jordan Moncrieff, I Vs. Nature, ShilohZen, Werd and The Riddlah.
