Presenting the debut album from Sacre Noir - Her Volatile Condition

Sacre Noir is releasing her debut solo album in conjunction with Dejine:Rec (Japan) and Savage Recordings (UK) after the success of the 'demo recordings' trilogy EPs.

Her Volatile Condition delivers a progression in sound production & song-writing style from Edinburgh's electronic songstress and her lo-fi stylings.

Whether it's Piano / Guitar lullabies or dub influenced meanderings, the usual attention to layered atmospherics & found sounds is clear. A free download EP of remixes from Her Volatile Condition will be available alongside Outgunned - The Remix EP from www.ineedmusik.com. Offerings from Silení (Neverzone), Asthmatic Astronaut (Cymatics), XiangXing (Dejine:Rec) & Sad DJ (Sinewaves).

Contributions on this release come from a variety of sources: Alexis Beattie & Phil Lock (Savage Sound System), who also play as part of the Sacre Noir live band, Gaz Clinton (Tabasco Fiasco), guitarist Gavin McDiarmid and bass player Bob Duncan. Stand out tracks from live performances include Chimneys. Spin (Another Lie) & Visible Ink

RRP £6.00 / €7.00
